The Oracle: »What is your prophecy for the future?«

Opening: September 12, 19h  
Exhibition: September 12 – October 06, 2013  
The Wand, Paulstrasse 34, 10557 Berlin  
Opening Hours: Thursday – Sunday, 14h – 18h

The Oracle is a research project by *ff* about how the future is envisioned today. By generating wishes for a utopian future or by channeling fears of a dystopian nature, the project generates an overview of reflections on today's society. The Oracle is a collective imagining realized by its participants. Instead of the traditional and supernatural voice of a sole oracle, its power is redistributed to include a multitude of voices, with the site of reception localized at The Wand.
